

<b>Flight-Testing Newton's Laws</b>			
<b>2006 Mathematics</b>			
<b>Academic Standards</b>			
<b>Nevada Mathematics</b>			
<b>Grades 9-12</b>			
<b>Activity/Lesson</b>	<b>State</b>	<b>Standards</b>	
Session-10 (1-5)	NV	MA.9-12.3.12.3.1	Select and use appropriate measurement tools, techniques, and formulas to solve problems in mathematical and practical situations.
Session-10 (1-5)	NV	MA.9-12.4.12.1.1	Identify and use the parts of a circle to solve mathematical and practical problems.
Session-1 (1-17)	NV	MA.9-12.4.12.1.1	Identify and use the parts of a circle to solve mathematical and practical problems.
Session-2 (1-10)	NV	MA.9-12.3.12.3.1	Select and use appropriate measurement tools, techniques, and formulas to solve problems in mathematical and practical situations.
Session-2 (1-10)	NV	MA.9-12.4.12.1.1	Identify and use the parts of a circle to solve mathematical and practical problems.
Session-3 (1-6)	NV	MA.9-12.4.12.1.1	Identify and use the parts of a circle to solve mathematical and practical problems.
Session-4 (1-11)	NV	MA.9-12.3.12.3.1	Select and use appropriate measurement tools, techniques, and formulas to solve problems in mathematical and practical situations.
Session-4 (1-11)	NV	MA.9-12.4.12.1.1	Identify and use the parts of a circle to solve mathematical and practical problems.
Session-5 (1-6)	NV	MA.9-12.4.12.1.1	Identify and use the parts of a circle to solve mathematical and practical problems.
Session-6 ( 1-8)	NV	MA.9-12.3.12.3.1	Select and use appropriate measurement tools, techniques, and formulas to solve problems in mathematical and practical situations.
Session-6 ( 1-8)	NV	MA.9-12.4.12.1.1	Identify and use the parts of a circle to solve mathematical and practical problems.
Session-7 (1-5)	NV	MA.9-12.3.12.3.1	Select and use appropriate measurement tools, techniques, and formulas to solve problems in mathematical and practical situations.
Session-7 (1-5)	NV	MA.9-12.4.12.1.1	Identify and use the parts of a circle to solve mathematical and practical problems.
Session-8 (1-9)	NV	MA.9-12.3.12.3.1	Select and use appropriate measurement tools, techniques, and formulas to solve problems in mathematical and practical situations.
Session-8 (1-9)	NV	MA.9-12.4.12.1.1	Identify and use the parts of a circle to solve mathematical and practical problems.
Session-9 (1-7)	NV	MA.9-12.3.12.3.1	Select and use appropriate measurement tools, techniques, and formulas to solve problems in mathematical and practical situations.
Session-9 (1-7)	NV	MA.9-12.4.12.1.1	Identify and use the parts of a circle to solve mathematical and practical problems.
